Forums

OVERVIEW

The business ecosystem is undergoing an upheaval –from barriers to free trade to a host of disruptive technologies are reshaping the procurement landscape. At this critical juncture, it is incumbent on procurement leaders to harness these disruptive forces and build value. One way is to start a process of trial and error. The other, to brainstorm with other leaders and own the future.

The 4th Procurement India Leadership Forum offers an opportunity to network with an array of procurement thought leaders and become a part of the transformation.

Procurement India Leadership forum is a senior management meet, to re-imagine your procurement process, and shape the future of your industry.

The Forum will end with the 4th India Procurement Leadership Awards.

WHO WILL YOU MEET

We are gathering 100+ of the India's most dynamic procurement professionals to help you navigate the procurement perfect storm with interactive sessions, panel debates, and next practice sessions.

The forum is ideal for senior management -

- Directors,
- CEO,
- CFO,
- CPO,
- VP,
- GM, Senior Managers etc.

from procurement ecosystem players to network and get an opportunity to get a 360° perspective on how to revolutionize their strategies to create an agile, efficient, resilient procurement function.

KEY THEMES

The 4th India Procurement Leadership forum will see 30 practice leaders and 100 procurement professionals meet, network and take the procurement agenda forward:

The cost of inaction - How agility, flexibility and transparency will shape our ability to respond to dynamic markets

Being brave and bold to deliver the change required – How can you build a revitalized procurement Function?

The Balancing Act - How to drive digital transformation across four pivots: Strategy, process, people, and technology?

Mapping Your Supply - How end-to-end supply mapping will improve control, visibility, and transparency in Global supply bases.

Value Beyond Savings – How to identify value drivers that will manage Indirect Spends

Procurement Needs a Sustainability Strategy – How sustainability can deliver benefits for business and environment.

HOW TO APPLY

THE NOMINATION PROCESS

The nomination process for the India Procurement Leadership Awards is quite simple and straight forward. Just choose the award categories and send us an e-mail with your choice. We will send you the broad areas you will need to prepare for the jury meet.

In case you need assistance, we are just a call or e-mail away.

THE AWARD PROCESS

The ISCM Forums awards are decided by a Three step process:

1. Social Media & Secondary Research by ISCM on the companies. The finding will be compiled and be a part of the jury documents.
2. Presentation by the company: ISCM Forums will invite the firms to make a presentation and defend the nomination.
3. Jury Deliberations: ISCM will send the findings from the social media research, and presentation by firms to the jury panel. The jury will decide the winners.

We will have a jury of academicians and experts, and reflects an un-biased opinion on the capabilities of the nominees.

To apply for the awards, please drop us an e-mail and we will contact you.
